

City of Bothell™

Photo guidelines for *Bothell Bridge Magazine*

Calling all photographers, professional and amateur! We're looking for photos to grace the cover of *Bothell Bridge* magazine. This quarterly publication features City news, recreation programs, special events and more, and goes out to 20,000 households in our community.

PHOTO SUBMISSION DEADLINES 2019

WINTER (Dec-Feb): 10/11/19

If we select your photo for the cover, you will receive photo credit in the magazine as well as our heartfelt thanks! 😊

PHOTO CRITERIA

- Taken in Bothell
- High resolution only (see below for tips)
- Preferably close-up shots
- Vertical layout
- The City of Bothell values diversity and inclusion; photos that reflect that are a plus.

HIGH RESOLUTION PHOTO TIPS...

- Photos for print must be *at least 300 DPI* (dots per inch) **at 100% size**.
- File size alone (MB/KB) isn't a guarantee of high resolution. The photo size in KB/MB is sometimes deceiving, due to compression, etc. That said, file size should always be in the MB range.
- Do not copy a photo from social media or a website and submit it for a print publication.
- If using photos from your cell phone, send them as the largest possible file size.

Email all submissions to catherine.jansen@bothellwa.gov by the above deadline to be included for consideration.
