

## 2022 IMPACT FEES X

Impact fees are one-time charges assessed by local governments against a new development project to help pay for new or expanded public facilities that will directly address the increased demand created by that development. Local governments must establish a rate schedule for each type of development activity that is subject to impact fees, specifying the fee to be imposed for each type of system improvement ([RCW 82.02.060](#)).

When applicable, a credit for impact fees is given when requested by the applicant, once the demolition permit for the existing structure has passed a final inspection.

Important: Impact fees DO NOT VEST and are due in the amount in effect at permit issuance unless otherwise specified for subdivisions which received final approval prior to 2022.

<b>FIRE IMPACT FEES</b>		
<b>Due at building permit issuance, unless otherwise permitted. See BMC 21.16 for more information.</b>		
Type of Development	Unit	Fire Impact Fee

*Traffic Impact Additional Administrative Fee:*

The cost of administering the impact fee program for traffic impact fees shall also include an amount equal to three percent (3%) of the amount of the traffic impact fee calculated in the Rate Study. The administrative fee is not creditable or refundable under Bothell Municipal Code 17.045.010. The administrative fee, in addition to the actual impact fees, shall be paid by the developer to the City at the same time as the impact fee is paid.
