NEW DETACHED CONDOMINIUM OR TOWNHOMES BUILDING PERMIT CHECKLIST

2b

Submit your application online at www.MyBuildingPermit.com.
Online application is required for new buildings over 4,000 sq ft.

This submittal checklist is applicable to row Townhomes, Duplex or Detached Condominium applications, where site work permits and SEPA (if applicable) have already been applied for.

3 complete construction plan sets (all drawn to scale, construction plans are to be drawn to 1/8 inch = one foot, minimum) and **5 site plans** (include all items listed under Site Plan). The submittal fee (plan check fee and fire plan check fee) is due at submittal, with additional fees due at issuance of permit.

If you think an item is not applicable to your project, you must contact the appropriate department prior to your application submission.

Other items may be required to be submitted for an application in order to ensure that the application is consistent with the Bothell Municipal Code.

GENERAL DOCUMENTS REQUIRED AT APPLICATION SUBMITTAL:

Development Services permit application per BMC 11.06.002. An application shall consist of all materials required by the applicable development regulations for the specific permit(s) sought, and shall include the following general information.

APPLICANT	STAFF
<input type="checkbox"/> A completed & signed Permit Application form - 1 copy	<input type="checkbox"/>
<input type="checkbox"/> Address Assignment letter (see form 54, address must be assigned prior to application) - 1 copy	<input type="checkbox"/>
<input type="checkbox"/> A property and/or legal description of the site.....	<input type="checkbox"/>
<input type="checkbox"/> The applicable fees (plan check fee and fire plan check)	<input type="checkbox"/>
<input type="checkbox"/> Development Review Billing form D	<input type="checkbox"/>
<input type="checkbox"/> Water and sewer availability certificate that has been <u>completed</u> by the water and sewer purveyor. (Form 36 if the City of Bothell is your provider, allow 2 weeks for processing). If your water and/or sewer provider is Alderwood, Northshore or Woodinville, please contact them for the water and/or sewer availability certificate. - 3 copies (bld, eng, fire)	<input type="checkbox"/>
<input type="checkbox"/> Letter from water provider indicating available fire flow meets Fire Department requirements (determined by application for Fire Flow requirement application, form 36 or 36a). - 3 copies	<input type="checkbox"/>
<input type="checkbox"/> Completed Water Meter Sizing Form 61a if the city of Bothell is the water service provider- 2 copies, separate form required per water meter	<input type="checkbox"/>
<input type="checkbox"/> One (1) copy of Metro Residential Sewer Use Certification form if the City of Bothell is sewer provider, separate form required per side sewer connection	<input type="checkbox"/>
<input type="checkbox"/> ALL deferred submittals are noted on the cover page of the plan sets (i.e. fire alarm, fire suppression, plumbing, and/or mechanical).	<input type="checkbox"/>
<input type="checkbox"/> The following stamped certified statement by the person stamping the building enclosure design documents is required for buildings containing three or more attached dwelling units, excluding attached dwelling units that are each located on their own platted lot, and buildings in which all of the dwelling units are held under one ownership and subject to a recorded irrevocable sale prohibition covenant: "The undersigned has provided building enclosure documents that in my professional judgment are appropriate to satisfy the requirements of RCW 64.55.005 through 64.55.090". A statement shall be noted on the plans that directs the qualified inspector to submit a final acceptance letter to the building division indicating the building has been constructed (or reconstructed) in substantial compliance with the building enclosure design documents per RCW 64.55.060.	<input type="checkbox"/>
<input type="checkbox"/> Two (2) copies Structural Calculations	<input type="checkbox"/>
<input type="checkbox"/> Two (2) copies WA State Energy Code Compliance information	<input type="checkbox"/>
<input type="checkbox"/> Three (3) copies of soils report from a licensed Geo-technical Engineer (file, eng, bld)	<input type="checkbox"/>

NEW DETACHED CONDOMINIUM OR TOWNHOMES BUILDING PERMIT CHECKLIST

2b

Plumbing and Mechanical information:

Applicant, please check as applicable:

- Building is IRC construction design, mechanical and plumbing are included, and the completed plumbing/mechanical fixture schedule (review is automatically included with the building permit)
- Building is IBC construction design - deferred mechanical and plumbing permit submittals are noted on plans
- Building is IBC construction design - plumbing and mechanical review is requested at this time, plumbing and mechanical plans are included and completed fixture schedule is included with this application (note: if building, plumbing and/or mechanical plans are combined in one plan set those plans and permits will not be issued until all approvals are complete, and permits will be issued together)

SITE PLAN REQUIREMENTS (5) COPIES – INCLUDING THE FOLLOWING:

Plan Sheet

Number **APPLICANT**

STAFF

Overall Site Plan to scale indicating:

- _____ Vicinity Map title block indicating name, address, phone number of applicant and owner
- _____ Overall site layout of proposed streets, driveways, fire hydrants and building unit locations, indicating the specific subject building's location on the overall site

Site Specific Site Plan (minimum 8 ½ "x 11" size paper at a scale of 20' equals 1") showing the proposed structure in plan view, indicating:

- _____ Title block indicating name, address, phone number of applicant and owner.....
- _____ Legal description and assessors parcel number.....
- _____ North arrow
- _____ Drawing scale.....
- _____ Site acreage.....
- _____ All proposed improvements on property
- _____ Existing and proposed contours (2 foot increments where <15% slope, 5 foot increments where the slope is 15% or greater)
- _____ Natural grade elevations at midpoint of each building wall, supplied by a licensed land surveyor
- _____ Building footprint square footage.....
- _____ Total building square footage (all floors and including garage)
- _____ Location and distance of the building in relation to adjacent buildings, and streets.....
- _____ Fire separation distance designation.....
- _____ Elevation of the garage and the elevation of the curb at centerline of the proposed driveway
- _____ Elevation of finish floor
