1. All work requiring a right-of-way permit requires proof of personal property and public liability insurance by providing the city with a Certificate of Insurance in the amount of $1,000,000 naming the City as additional insured for all contractors with a CG 2012 attachment. Certificate shall be in the format approved by the City Attorney.

2. All work requiring a right-of-way permit requires a bond. Acceptable forms of bonding as follows. All bonds shall be on forms provided by the City of Bothell: 1) Surety bond from an accredited bonding agency, 2) Cash set aside or an assignment of funds (funds are retained in a bank account rather than with a bonding company), 3) Cash held in trust by City (check or credit card in the bond amount required)

3. Any work on A.C. pipe will require a separate permit from Puget Sound Air Pollution Control Agency prior to start of work (206) 343-8800.

4. In addition to Traffic Concurrency and Traffic Impact fees, Interlocal Traffic Mitigation fees for Snohomish County may also be a condition of SEPA. (Residential subdivisions creating less than ten PM Peak hour trips are exempt from concurrency requirements and do not need a concurrency application. This does not preclude them from requirements such as traffic fees, safewalk, frontage improvements, sight distance or other traffic analysis related work. See Form X for Traffic Impact Fees.)
