It is the applicant's responsibility to know the code requirements and provide all necessary information required for project review.

The following work can be commenced prior to the issuance of development permits, provided written notice is provided to the city prior to commencing such work:

Work necessary for land use submittals, such as surveys, soil logs, percolation tests, and other related activities, where such activities do not require construction of new roads or significant amounts of excavation. In every case, impacts shall be the minimum necessary and disturbed areas shall be immediately restored.

Applicant understands and by his/her signature to this application agrees to indemnify, defend and hold harmless the City of Bothell, its agents and employees from and against any and all claims, losses or liability, including attorney's fees arising from injury or death to persons or damage to property occasioned by any act, omission or failure of the applicant, his officers, agents and employees, in performing the work authorized by this permit. This paragraph shall not apply to any damage resulting from the sole negligence of the City, its agents and employees. To the extent any of the damages referenced by this paragraph were caused by or resulted from the concurrent negligence of the City, its agents or employees, this obligation to indemnify, defend and hold harmless is valid and enforceable only to the extent of the negligence of the applicant, his officers, agents and employees.

I hereby certify that the information provided on this application is true and correct and that the applicable requirements of the City of Bothell will be met. I certify that I am the owner of the subject property or that I have been given express permission by the owner of the subject property to submit this application for permit. By signing below applicant acknowledges the above statements. I declare under penalty of the perjury laws that the information I have provided on this form and any attachments and/or checklists is true, correct and complete.
