

## Salmon Watcher - Monthly Data Collection Form

Month / Year \_\_\_\_\_ / \_\_\_\_\_ Stream: \_\_\_\_\_

Site ID# \_\_\_\_\_

1. Record **all** observation dates and times, even when you see zero fish.
2. If you can't identify a fish, record it as **UNID**.
3. Mail or email your datasheets whenever you like. Mail to **City of Bothell, Attn: Christi Cox, 18415 101<sup>st</sup> Ave NE, Bothell, WA 98011** or email to [christi.cox@bothellwa.gov](mailto:christi.cox@bothellwa.gov).

Date month / day	Start time	End time	# citizens talked to	1"-6" juvenile fish? (Y or N)	Species name* (only write here if you see <b>adult</b> salmon)	# live adults per species	# dead adults per species	Total <b>adult</b> fish count (live + dead per species)	# of fish with <b>no</b> adipose fin ("clipped")	Did you encounter anything requiring attention? If so, did you notify anyone?	Comments/tags? (Redds present, notable weather, etc.)

\*Key: **COHO** = Coho, **CHIN** = Chinook, **SOCK** = Sockeye, **CHUM** = Chum, **KOKA** = Kokanee, **TROU** = Trout, **PINK** = Pink, **UNID** = Unidentified

If you have any questions, send an email to Christi Cox, City of Bothell Surface Water Program Coordinator, at [christi.cox@bothellwa.gov](mailto:christi.cox@bothellwa.gov) or 425-806-6790.
