* Applicable to all new development and development changing the existing use: Impact Fees - see Form X

- 1: Building Plan Check fee: see page 2 for calculation. Applications that require consultant review: Plan Check fee + Consultant review fees.
- 2: Fire Plan Check Fee (all new buildings, bldg. additions, or 1st Time/Change of Use TI): \$.13 per square foot
- 3: Review fees to ensure compliance with the Washington State Energy Code: New Single Family building: \$205, Residential Remodel/Addition: \$205, New IRC multi-family structure - per dwelling unit: \$48, New IBC Multi-family building: \$480 per structure + \$108 per unit; New Commercial building: \$480, Tenant Improvement: \$205. Mechanical energy review: \$205 plus \$48 per dwelling/sleeping unit.
- 4: Residential: \$6.50 State fee for each building permit + \$2.00 for each residential unit after the first unit. Commercial (mixed use or non-residential): \$25 State fee for each building permit + \$2.00 for each residential unit after the first unit.
- 5: \$749 Residential site review and inspection - New Construction and Additions: Prior to issuance of residential building permits (multi-family or single family), site plans for residential construction are reviewed for consistency with applicable City codes and design and construction standards and specifications, which may include water lines, sanitary sewer lines, storm water retention/detention and drainage systems, streets, curbs, gutters, driveways, sidewalks and easements. Subsequent to permit issuance, required site inspections are performed.
- 6: Fire Department Hazmat Consultant review: if Hazardous Materials Inventory Statement peer review is required, then an additional consultant review fee is charged to applicant by the peer reviewer.
- 7: Accessory Dwelling Unit fees: see ADU submittal checklist.
- 8: Single Family Planning Review: \$206
- 9: Multifamily, Mixed Use or Non-residential Planning Review (each building): \$411

BUILDING FEES 2023

A

Development Review Technology Surcharge:

To reimburse the City for costs specifically related to electronic development review and permit tracking, a **5% technology surcharge will be added to all fees listed other than state, impact, mitigation or facility charges.**

Determining the Building Permit Fee:

Square foot valuation multipliers are based on the most recent Building Valuation Data from ICC. The ICC occupancy and construction type square footage multipliers are used to determine new construction valuations. See the ICC website for current table. The valuation used to determine building permit and building plan review fees is determined based on the cost submitted by the applicant, or the ICC valuation calculation, whichever is higher. Consultant review is typically used for new large building construction, and consultant review fees are in addition to the building plan review fee. Mechanical and Plumbing permit fees are separate.

Total Valuation	Building Permit Fees Per Fee Resolution Table 20.02.155-A
\$1 to \$500	\$33
\$501 to \$2,000	\$33 for the first \$500 + \$5 for each additional \$100 or fraction thereof, to and including \$2,000
\$2,001 to \$25,000	\$95 for the first \$2,000 + \$20 for each additional \$1,000 or fraction thereof, to and including \$25,000
\$25,001 to \$50,000	\$537 for the first \$25,000 + \$14 for each additional \$1,000 or fraction thereof, to and including \$50,000
\$50,001 to \$100,000	\$882 for the first \$50,000 + \$10 for each additional \$1,000 or fraction thereof, to and including \$100,000
\$100,001 to \$500,000	\$1,361 for the first \$100,000 + \$8 for each additional \$1,000 or fraction thereof, to and including \$500,000
\$500,001 to \$1,000,000	\$4,426 for the first \$500,000 + \$7 for each additional \$1,000 or fraction thereof, to and including \$1,000,000
\$1,000,001 and up	\$7,680 for the first \$1,000,000 + \$6 for each additional \$1,000 or fraction thereof.

Determining the Plan Check Fee (this fee is due at application submittal):

Multiply the Building Permit Fee by .65 to determine plan check fee.

Additional Types of Permits: (5% technology surcharge is added to the following fees)

- Plumbing and Mechanical Permits See Plumbing and Mechanical Permit Application for Fees. Residential IRC design building permits are combination permits: mechanical/plumbing permit fees will be included for work shown.
- Residential or Commercial pool..... Permit Fee, Plan Check Fee based on Valuation, 5% Tech Fee + State Fee
