### Sewer Facility Charges:

Single family: \$5,380 per Residential Customer Equivalent as determined by the King County Residential Sewer Use Certification form (based on net square footage and whether ADU use)

Commercial and Multi-family: \$5,380 per Residential Customer Equivalent as determined by the King County Sewer Use Certification Form (Residential and/or Non Residential form as appropriate to use(s))

### Storm Drainage Facility Charges:

Citywide: ..... \$1,737 per Impervious Surface Unit

Downtown Sub-Basin Area: ..... \$17,511 per Impervious Surface Unit

\* Impervious Surface Unit = 2000 sf of New or Replaced Impervious Surface

Fire flow analysis (Water Availability, City of Bothell Service area) ..... \$231

<sup>1</sup> All work requiring a right-of-way permit requires proof of personal property and public liability insurance by providing the city with a Certificate of Insurance in the amount of \$1,000,000 naming the City as additional insured for all contractors with a CG 2012 attachment. Certificate shall be in the format approved by the City Attorney.

<sup>2</sup> All work requiring a right-of-way permit requires a bond. Acceptable forms of bonding as follows. All bonds shall be on forms provided by the City of Bothell: 1) Surety bond from an accredited bonding agency, 2) Cash set aside or an assignment of funds (funds are retained in a bank account rather than with a bonding company), 3) Cash held in trust by City (check or credit card in the bond amount required)

<sup>3</sup> Any work on A.C. pipe will require a separate permit from Puget Sound Air Pollution Control Agency prior to start of work (206) 343-8800.

<sup>4</sup> In addition to Traffic Concurrency and Traffic Impact fees, Interlocal Traffic Mitigation fees for Snohomish County may also be a condition of SEPA. (Residential subdivisions creating less than ten PM Peak hour trips are exempt from concurrency requirements and do not need a concurrency application. This does not preclude them from requirements such as traffic fees, safewalk, frontage improvements, sight distance or other traffic analysis related work. See Form X for Traffic Impact Fees.
